PROJECTS

Navettie

Navettie is a **mobile application** based prototype for UI/UX Competition at Technofest 2019. Its purpose is to increase public awareness of public transportation by providing guarantees of safety and comfort. I take part as the **UI Designer**.

HireMe!

HireMe! is an **Android** based prototype for Human Computer Interaction course. This application connects job seekers with opening vacancies companies. I take part as the **UX Researcher** and **UI Designer**.

TECHNOCORNER UGM WEBSITE, www.technocornerugm.com

A **website** built for Technocorner UGM 2019 event. It contained information required for the event and the administration. In this project I take part as **Front End Web Developer**.

EXPERIENCE

August 2019 - present

LAB WORK ASSISTANT OF SIGNAL AND SYSTEM COURSE

Supervising practical activities for Signal and System Course.

August 2018 - March 2019

WEBSITE DIVISION STAFF, Technocorner UGM 2019

Built the website's look so the design appears as it's supposed.
